THE DOORS

Beyond the Doors

Support the library's vision to change lives through reading, literacy and learning.

Donate to Beyond the Doors

Whitehorse Manningham Libraries believe that having access to quality public library services changes lives. For some in our community there can be barriers to access due to disadvantage, social isolation or other life circumstances.

We want to reach people in our local community who may need extra support to access library programs and resources so they too can experience the benefits that library services can provide.

Your donation will support the delivery of targeted and meaningful **Beyond the Doors** literacy, learning and engagement initiatives in consultation with local community partners.

100% of donated funds will be used to support the delivery of initiatives designed to increase access for those at risk of being excluded. All programs delivered using donated funds are in addition to existing core library services and programs.

Your gift has the power to improve social, emotional and educational outcomes for some of our community's most vulnerable members.

Beyond the Doors initiatives to date include the **Gift the Gift of Reading** Christmas appeal supporting critical early years literacy development. **Gift the Gift of Reading** provides books and learning resources to families in our community experiencing crisis or disadvantage and is delivered in partnership with Whitehorse and Manningham Council Enhanced Maternal Child Health Service and Eastern Domestic Violence Outreach Service (EDVOS).

"...loves the puppet when I read the book, it keeps him interested, sometimes he laughs"
