# How to connect your services Vic app to your COVID Vaccination certificate

iOS (iPhones)

1) **Connect your phone to the internet** or mobile data as needed
2) **Ensure that your app is up to date:**
   a. Go to App store
   b. Search for Service Victoria
   c. Click on the Service Victoria picture
   d. There is a blue button next to the picture. If it says "Update", click on "Update". If it just says "open" you have the most up to date version already
3) **Open the app.** At the bottom, you should see two buttons to the left of the Check-in button. **Click on the button with the tick:**

4) Click on "**Add Certificate**"

5) Click "**Add certificate via MyGov"**

6) **Log in to your MyGov Account** and enter security code when prompted. If you don't have a MyGov Account, you will need to set one up.

7) Under Quick links, it should say "**Proof of COVID-19 vaccination**". Click on the link under this to "**Go to Medicare**"

8) Click on "**View immunisation history**"

9) Click on "**Share with Check in app**"

10) Click on "**Share**" (next to Service Victoria)

11) Read the Terms and Conditions then "**Accept and share**".

12) Go back to the App and click "**Add Certificate**". If it doesn't work the first time, you may need to repeat the process.
